

Factors to Consider at IPRC

- Language factors
 - List information on language background: first language/language spoken in the home, number of years speaking English, English-language instruction, additional languages spoken, additional language instruction, French immersion

- Other exceptionalities
 - List information on other identified exceptionalities

- Medical factors
 - List medical conditions or illnesses

- Socio-emotional factors
 - Family or classroom concerns, identified emotional disorder (e.g., anxiety, depression, obsessive compulsive disorder, Tourette’s Syndrome)

Any other information that you feel might be relevant to the IPRC decision:
